**BORN READY.**

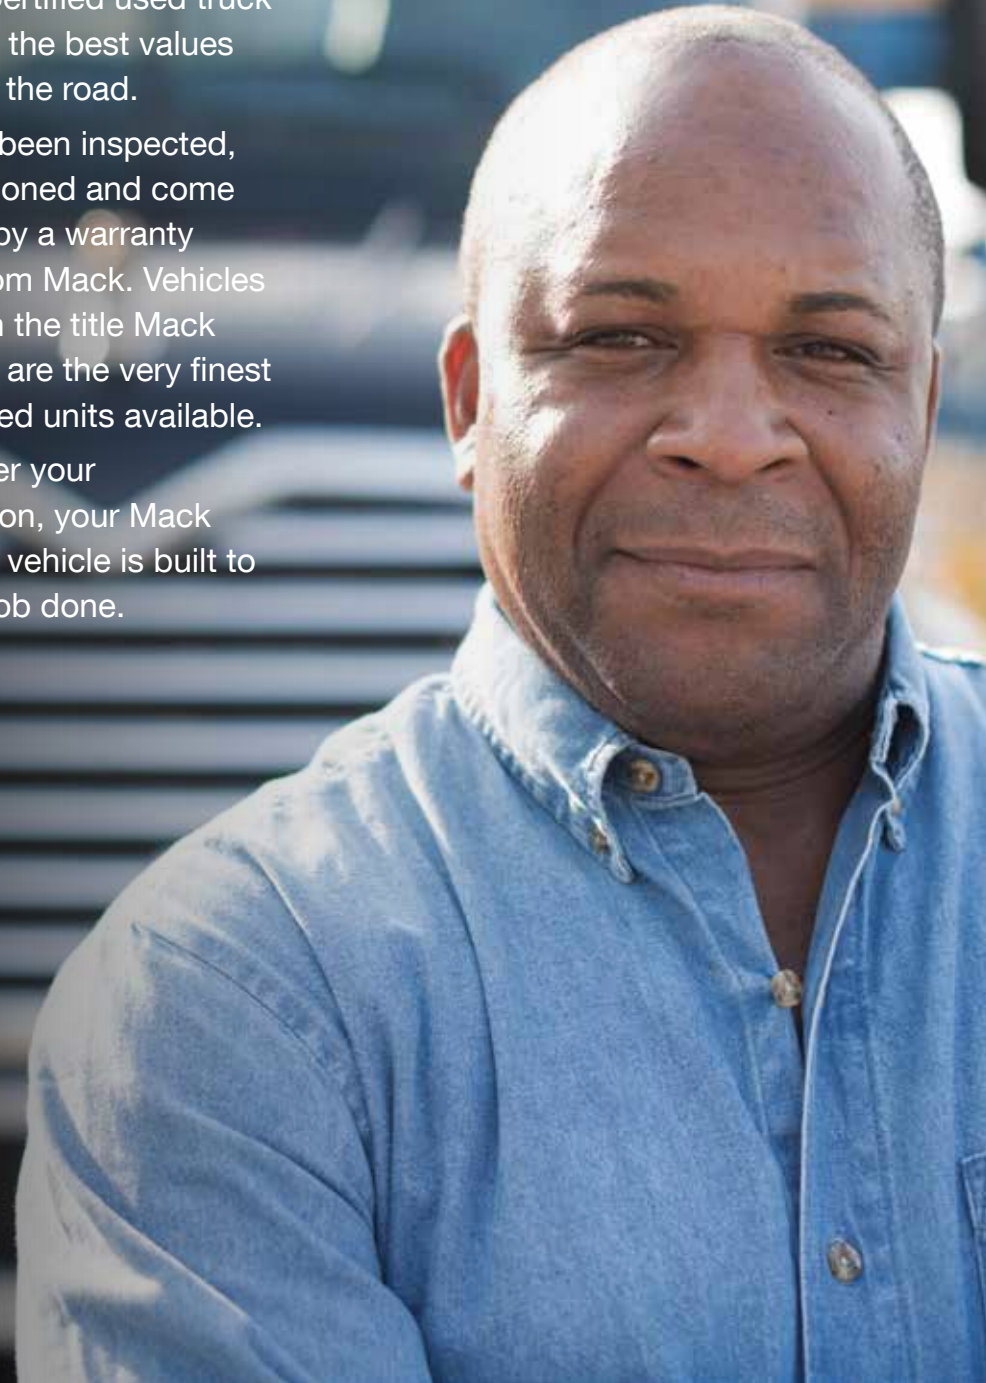

**Mack<sup>®</sup> Certified  
Trucks**

We build trucks for a lifetime of hard work, so a Mack® Certified used truck is one of the best values on or off the road.

They've been inspected, reconditioned and come backed by a warranty direct from Mack. Vehicles that earn the title Mack Certified are the very finest pre-owned units available.

No matter your application, your Mack Certified vehicle is built to get the job done.

# Our standards are high.

Only a handful of used trucks are good enough to be called Mack Certified. Each one has to meet or exceed our requirements before earning the Mack seal of approval.

## 150-Point Inspection

We start with a rigorous inspection of all major systems and parts. Then each vehicle goes through Mack Certified reconditioning.

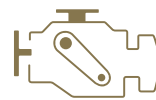

## 450,000 Miles or Less

All Mack Certified trucks are Class 8 with fewer than 450,000 miles.

## Four Years Or Newer

Any truck with the Mack Certified designation is guaranteed to be no more than four model years old.

## DOT Safety Compliant

All parts and accessories will meet Federal DOT safety criteria.

## Mack Certified Warranty

Because these used trucks are the best of the best, we back them with the Mack Certified Warranty covering the engine, transmission, turbos and injectors. Our 12-month/125,000 mile warranty comes standard. You can upgrade any Mack Certified truck to a 24-month/250,000 mile warranty. Additional coverage options are also available.

## A partner you can work with.

Mack Financial Services puts dedicated, world-class experts at your service. Qualified Mack Certified buyers can take advantage of special loan rates, extended terms, and reduced down payments. You'll receive one-stop service, directly through the dealership. We make it easy, because at Mack it's our business to understand your business.

## Support at every turn.

Nearly 600 authorized dealers and parts and service locations coast to coast. Nearly 1,400 Master Technicians. When you need assistance, the Mack Dealer network is committed to quick, quality service.

Our dealers have invested nearly \$600 million since 2010 to modernize facilities, improve access to parts and train service professionals to help get you back on the road. Wherever your route takes you, your Mack Certified vehicle is in good hands.
